

## Field Service

• Factory trained and certified technicians available to provide you with on-site service for all of your fueling equipment needs.

• Services include:

- Emergency Repairs - 24/7
- Scheduled Preventative Maintenance
- Inspections
- System Evaluations
- Meter Calibration
- Equipment Upgrades

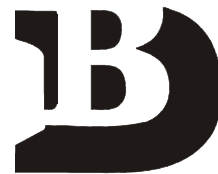

## Inventory Support

Our equipment and field services are supported by the largest inventory of parts and components in the industry. We stock most of the items needed to keep your equipment running from many suppliers.

Our state-approved, tier-permitted facility allows us to accept your fuel / water/ sludge mixtures as recyclable material ... not hazardous waste. So there's no manifesting by you – meaning no regulatory reporting paper work and no disposal tax payment.

## Equipment/Suppliers

- Actaris/Neptune
- Blackmer Pump
- Brownie Tank Mfg. Co.
